All,

Please find the attached working draft of the CEQ CCUS Permitting Report to Congress. Thank you for your input! Please do let me know if you sent something that isn't included/reflected in the attached.

## Ex. 5 Deliberative Process (DP)

The timeline is tight and although we should spend the bulk of our time tomorrow on content, we'll take a few minutes to discuss the process. The bottom line is that we need to have a draft that has cleared this working group and is ready to go to OMB for review and formal interagency review by June 4<sup>th</sup>.

Please don't hesitate to reach out with any questions.
